

Summer 2009
Reading List - 2nd Grade
(For Students Entering 2nd Grade)

Each child entering second grade is responsible for reading at least three (3) beginning chapter books. No reports are required. As you complete each book, use the reading log form to record the books that your child has read. The following book series are suggestions for you. Please choose books that are comfortable for your child to read, yet challenging. However, you may choose any chapter books appropriate for your child's age or reading level.

You will find all this information as well as the reading log sheets at Christ the King School website: www.christking.org
